HILMA
All Hilma (hilma.co) products are naturally drug-free. The new indoor-outdoor product contains natural ingredients to support sinuses, which makes breathing easy in the summer air.

PLAYA
I love how this dry shampoo from Playa (playabeauty.com) absorbs oil and works to cleanse naturally. It's great for summer hair on the go.

BALA
I wear Bala Bangles (shopbala.com) during almost every workout to add resistance without any fuss. I love the chic colors too!

GOLDE
I am no stranger to matcha, but I especially love Golde's (golde.co) matcha turmeric superfood latte blend. It is a powder blend of seven essential superfoods that help to detoxify, support glowing skin and provide serene focus.

LIVE THE PROCESS

I wear The Process (liveliveprocess.com) as one of my favorite athleisure brands. It's ethically made in America by women, and I especially love its leotards to either work out or go out in.

THE WELL

I love The Well (the-well.com) sanitizer because it doesn't dry out my hands and it's infused with sustainably sourced essential oils.
